RUPUBLIC OF CUBA.

A Government Founded By the Insurgents.

THEY CAN NOW BE RECOGNIZED.

A Constitution Adopted and the Independence of the Island From Spanish Rule Formerly Declared—Organization of the New Government—Dispatches From Havana Detailing Recent Skirmishes.

CHICAGO, Oct. 4.—The Times-Herald prints the following dispatch dated at headquarters general of the rebel army, Puerto Principe, Cuba: At a meeting of the Cuban provincial delegates in this place yesterday the report of the special committee appointed to draft a constitution was adopted without debate, the fundamental laws of the republic were formally proclaimed and the independence of the island from Spain solemnly declared.

The provincial government of General Maceo gives way to this permanent organization:

President—Salvador Cisneros of Puerto Principe.

Vice President—Bartolomeo Maceo of Manzanillo.

Secretary of war—Carlos Ruloff of Santa Clara.

Foreign affairs—Rafael Portuondo of Santiago.

Treasury—Severa Pina of Sancti Spiritus.

Interior—Santiago J. Sainares of Remedios.

General in chief—Maximo Gomez.

Lieutenant general—Antonio Maceo.

The provinces of Santa Clara, Santiago, Havana, Puerto Principe and Matanzas are all represented in the new government, and the organization seems to give general satisfaction to the insurgent sympathizers throughout the island.

THROUGH CENSORSHIP SIEVE.

Dispatches From Havana Detailing Latest Doings in Cuba.

HAVANA, Oct. 4.—A column of troops formed by soldiers from the Barcelona battalion, has had a skirmish with the insurgents in the Remedios district of Santa Clara. The insurgents, who were commanded by Matagás, lost five killed. On the side of the troops a guerrilla captain and one soldier were wounded.

A detachment of the guerrilla forces from San Luis in a brush with the insurgents at Dos Caminos, province of Santiago de Cuba, put a number of insurgents to flight, killing two of them.

At the farm of Delgado, near Santa Clara, Major Blanco, commanding a detachment of troops, surprised a force of insurgents, who left two killed on the field.

The insurgents at Maestras, in the Camajuaní district, attacked a small detachment of volunteers and made one of them a prisoner.

The column of troops commanded by Colonel Ros has had another skirmish with the insurgents in the forest of San Jose Valiente, near Cifuentes. The insurgents left four killed. They were pursued by the troops and their camp was captured, the enemy losing seven men killed.

The little village of La Quinta, in the Remedios district, was recently attacked by the insurgents, who burned six of the houses. Insurgents, it is announced, have also burned the small village of San Lorenzo in the Camajuaní district.

In a skirmish at Palmira, province of Santa Clara, one insurgent was killed and a lieutenant of volunteers was mortally wounded.

A column of troops commanded by Colonel Funetemayor has surprised an insurgent band which was encamped between the farms of Santa Rita and Panchita, in the district of San Domingo. The insurgents fled at the approach of the troops, leaving one killed on the field. The government forces captured six saddled horses and five carbines.

Lieutenant Lozano, at the head of 36 soldiers, is reported to have had a skirmish at Algodones, in the district of Cienfuegos, in which two insurgents were killed and four wounded. One of the troops was killed and one wounded.

PRIVATE LETTER FROM CUBA.

A Famine Predicted if the War Continues Much Longer.

NEW YORK, Oct. 4.—The World prints abstracts from a private letter from Cuba, which predicts famine if the war shall continue. The writer says:

The troops in the interior part of the island are suffering unheard of hardships. They are famished, clotheless, shoeless and without medical attendance. The officers confess the total demoralization of the army and pronounce the difficulties insurmountable.

The departments of Santiago, Puerto Principe, Santa Clara and Matanzas, that is to say, nearly all the island, are being devastated. Everywhere small parties of rebels patrol the country with perfect impunity, robbing and firing property.

In the port of Havana there is a stock of sugar of 600,000 tons without buyers. The sugar estates have no money to pay to their workmen, who are driven by starvation to join the rebels. No life is safe in the country.

The only money in circulation is the \$5,000,000 monthly pay of the army, of which some is remitted to officers' families in Spain.

The sugar planters are ruined completely. They, at least, thus far have constituted an element of production.

The picture that Cuba presents today is very gloomy and the future is very dark.

STARTLING STATEMENTS.

The Durant Trial Is Replete With Sensations.

SAN FRANCISCO, Oct. 4.—The trial of Theodore Durant was replete with sensations yesterday. Henry J. Coy, general secretary of the Young Men's Christian association, who was cited for contempt last Monday for telling Juror Truman that if he did not hang Durant the people would hang him, was fined \$250, with the alternative of five days in the county jail. During the cross-examination of a witness summoned by the defense, the prosecution developed the fact that a student at Cooper medical college who did not attend the lecture delivered by Dr. Cheney on the afternoon of April 3, was recorded present in the rollcall book. The testimony is of the greatest importance to the prosecution from the fact that it shows the unreliability of the rollcall book in which Durant was recorded present on the afternoon that Blanche Lamont was murdered.

The last sensation of the day was an order made by the court committing Miss Carrie Cunningham, a newspaper reporter, to the county jail for refusing to answer a question. The defense desired to impeach the testimony of Mrs. Leake, who said she did not tell Miss Cunningham that she saw Durant and Miss Lamont enter Emanuel church on the afternoon of April 3. Miss Cunningham testified that Mrs. Leake did not tell her what she had seen, but when asked to reveal the source of her information the witness declined to answer. An order was made committing the witness to the county jail for contempt, but on motion of the defense Miss Cunningham will be given another chance to answer the question.

The defense placed on the stand yesterday eight more students, who attended the lecture delivered by Dr. Cheney on the afternoon of April 3, to testify as to whether they had answered to Durant's name at rollcall. Each witness gave a negative answer. With the exception of six, all the members of the class have now been asked this question. One of the students has died since April 3, and the prosecution has been unable to obtain the attendance of the other five in court. The prosecution limited cross-examination in each case to asking if the witness saw Durant at the lecture. Not a student was found who remembered having seen the defendant. The notes of each witness were placed in evidence by the prosecution. The notes promise to play an important part in the future proceedings as the prosecution intends to compare them with the notes said to have been taken by Durant at the time.

Attorney Duprey called the attention of the court to the fact that Rose N. Lynch, private secretary to Rev. J. G. Gibson, who was in the courtroom, and asked to have him removed. The court said Lynch could not be removed until he was subpoenaed as a witness, when he would be excluded like all other witnesses. A subpoena was made out for Lynch and he was ordered to leave the room. Lynch protested that he knew nothing about the case, but the court insisted upon the order.

F. S. Field, a member of a local wholesale jewelry firm, was called to testify with regard to the grade and quality of the ring worn by Blanche Lamont, which is said to have been presented at Pawnbroker Oppenheim's shop. He said the ring was of a common kind, but when asked by the prosecution to compare it with a similar ring introduced by the defense, an objection was sustained.

The defense endeavored to show by F. A. Ross, a student at Cooper medical college, that on the afternoon that Blanche Lamont was murdered he and Durant took a walk from the college to the vicinity of the Golden Gate. Ross remembered that he and Durant had taken such a walk, but could not fix the date.

PERU WOULDN'T STAND IT.

A Call-Down to Chili in the Province Distribution.

NEW YORK, Oct. 4.—The Herald's correspondent in Sucre, Bolivia, sends important information in regard to the provinces of Tacna and Arica. The Peruvian minister in Bolivia has data, officially communicated, that President Pierola's government, in view of Chili's reported intention to give the provinces of Tacna and Arica to Bolivia, proposes to demand from Chili an agreement to place those provinces in the hands of a friendly foreign power which shall act as a protectorate until the result of the plebiscite is known.

Peru intends also to urge that the case must be those of Peruvians or the franchises of residents in the provinces for the last two years. This, it is said, is to prevent stuffed ballot boxes. Should Chili not agree to this proposal, Peru, the information of the minister asserts, will refuse to accord rights in the provinces.

The Peruvian government, it is said, only awaits, then, publication of the acceptance of the Cillian treaty by Bolivia before making its demand through the Peruvian minister in Santiago.

Peru considers the purpose of Chili in giving away what does not yet belong to her an inexcusable violation of the treaty between the two countries. Two-thirds of the citizens of Tacna and Arica are Peruvians.

EAST LIVERPOOL, O., Oct. 4.—The 6-year-old son of Andrew Vandyn was burned at the stake yesterday by five companions and so badly injured that he can not recover. Some men happened to see the performance and ran to the boy's rescue, but his clothes had taken fire and he was badly burned, and the physicians say it is impossible for him to live. A wild west show exhibited here about a month ago, and since that time the boys of the town have been playing Indian.

LONDON, Oct. 4.—A dispatch to The Standard from Shanghai says that Vice-roy Li Hung Chang has gone to Pekin at the special request of the dowager empress of China, with whom he has always had the most cordial relations. A grand scheme of administrative reorganization has been prepared between them, a prominent feature being the removal of the capital from Pekin to some more secure place in central China.

STORM OVER ENGLAND

Attended With Great Loss of Life.

NUMBER OF VESSELS WRECKED.

The Gale Is Still Blowing Off Blackwood, Fleetwood, Lytham and Other Places Along the British Coasts—Names of Some of the Vessels That Are Known to Have Been Wrecked.

LONDON, Oct. 4.—A great deal of damage has been caused by the gale which has prevailed and is still blowing off Blackwood, Fleetwood, Lytham and other places along the British coasts.

The fishing smack Daisy has foundered off Blackpool, and it is believed that the crew of four persons have been drowned.

The fishing boat Jane and Alice, with her crew are reported lost, and other boats engaged in the fishing industry are missing.

The schooner Lanisley has foundered in the British channel and all hands are lost.

The Russian bark Leontia, from Apalachicola, Aug. 2, for Preston, previously reported ashore at South Port, has been broken up and her cargo washed upon the beach.

The British steamer Sicilia, abandoned, came ashore at Port Queanay yesterday. A boat containing 16 of her crew, in an exhausted condition, arrived at Padstow, Cornwall, prior to the coming ashore of the steamer. These survivors reported that another boat, containing 26 of the Sicilia's crew, was still unaccounted for. The Sicilia is 1,350 tons register. The Sicilia was bound for Barcelon. She experienced severe weather, during which her cargo shifted, and she was thrown on her beam ends, shipping much water.

HOW IT GOES IN IRON.

What the Official Organ Has to Say on the State of Trade.

CLEVELAND, Oct. 4.—The Iron Trade Review says: Reports from all quarters concur in the statement that buying is lighter, but there is unanimity also in the view that an undertone of strength is present with the waiting. That the advance in rails has not decided the railroads on a course of waiting is evidenced by a 40,000-ton order from the Pennsylvania road at that price, while indications appear of further requisitions by other lines for 1895 delivery, \$28 basis at eastern mills being limited to shipments before Jan. 1. It is the size of demand which has not yet appeared, but while there are reasons to believe it will soon materialize, it puzzles the prophets. In the week a few lots of Bessemer iron, second hands, have been sold at from \$15.50 to \$16 at Valley Furnace, and in one instance \$15.25 in the valley was touched. Yet furnace men in the main have maintained the former attitude, and have refrained from weakening the market further by offering iron at country prices.

It is figured that the rate of Bessemer production, estimated from the blast furnace figures of Sept. 1, if kept up for a year would mean a consumption of nearly 10,000,000 tons of Lake Superior Bessemer ore. Yet if steel rail orders come in the way some authorities are counting on, consumption will continue to maintain a margin over production. Foundry iron is firmly maintaining the latest advances, both on eastern and southern brands. Lake Superior charcoal continues strong and short stocks give promise of higher prices. Steel has shared in the weakness of Bessemer iron. Billets for 1895 delivery have been sold at \$23 to \$23.35 Wheeling district, and at \$23.60 to \$23.90 Pittsburg, the sales being chiefly of speculative material. Plates are lower through the competition of western and Pittsburgh mills for business. In other finished material lines prices are maintained.

COTTON FOR JAPAN.

A Mexican Steamship Line a New Project. Cheaper Transportation.

BALTIMORE, Oct. 4.—Colonel John A. Cockerell, writing from Yokohama, Japan, to The Manufacturers' Record, says: The Cotton Spinners' association of Osaka is now trying to induce the Japanese government to subsidize a line of steamers to ply between Osaka and Yokohama and a point on the west coast of Mexico. The idea is to secure a steamship line wholly controlled by the Japanese government and which will connect with the Tehuantepec railway. By this route it is thought the cotton of the southern states can be reached cheaper than by the way of Tacoma.

It is more than likely that this enterprise will be carried out, for the Japanese are giving great attention to the subject of colonization in Mexico. Another company has been formed here with Viscount Enomoto at its head, to purchase lands in Mexico and locate thereon some of the surplus population of Japan. Japan is destined to become one of the greatest cotton spinning countries of the world. She will purchase 90 per cent of her raw material in the United States when the transportation rates are properly adjusted.

LONDON, Oct. 4.—A dispatch to The Standard from Shanghai says that Vice-roy Li Hung Chang has gone to Pekin at the special request of the dowager empress of China, with whom he has always had the most cordial relations. A grand scheme of administrative reorganization has been prepared between them, a prominent feature being the removal of the capital from Pekin to some more secure place in central China.

SHOT AT HIS COMMANDER.

Sensational Shooting Affray at Fort Sheridan.

CHICAGO, Oct. 4.—Colonel R. E. A. Crofton, commander of the Fifteenth infantry at Fort Sheridan, narrowly escaped death or at least severe wounds at the hands of Lieutenant S. S. Pague of Company F, Fifteenth infantry, yesterday afternoon. The lieutenant fired three shots at the commander. One passed through a loose fold of his overcoat, just over the right groin, the second and third passed close to the body. Lieutenant Pague, a few moments before, had escaped from the hospital where he had been undergoing treatment for mental trouble, occasioned, it is said, by overindulgence in liquor.

It is said at the fort that the lieutenant was not responsible for his act, and that his meeting with Colonel Crofton was of chance.

The shooting occasioned great excitement at the fort, both because of the universal good favor in which Lieutenant Pague is held by his comrades, who regret exceedingly his mental trouble, and because it was the second time that an officer of the Fifteenth infantry, while suffering from dementia, attacked Colonel Crofton.

Lieutenant Pague some time ago spent several weeks at a liquor cure establishment. On his return it appeared that the treatment had been greatly beneficial to him. A few weeks ago, however, his comrades and superior officers noticed that his actions were strange and not those of a man mentally responsible. It was then concluded that the treatment had affected his brain. During the visit of General Merritt to the fort recently, Lieutenant Pague's actions were erratic to such a degree that he was ordered sent to the post hospital for treatment.

Yesterday afternoon, while the attendants were busy in another part of the hospital, Lieutenant Pague escaped from his room. He went immediately to his home in a distant part of the post grounds and secured a revolver, walked out on the parade ground and fired the shots at Colonel Crofton, as told above. The noise of the shots brought several officers to the spot and before Lieutenant Pague fired again he was seized and disarmed. According to the officers who took him in charge he did not seem to realize what he had done, and a few moments after did not seem to remember that he had fired any shots at all.

Lieutenant Pague is about 40 years old. He graduated from West Point about 1870, and has been in active service in the west. He is considered an able officer.

OVERCROWDED STREETCAR.

Two Women Killed by Being Hurled From the Platform.

KANSAS CITY, Oct. 4.—Mrs. Louise Jobe of Clarksburg, Mo., and her daughter, the wife of Dr. Alfred McLeod of Kansas City, Kan., were killed here last night as a result of the crowding of streetcars by the many thousands of people who poured into the downtown streets to participate in the carnival festivities.

They were thrown from the rear platform of a car on the elevated road running to Kansas City, Kan., and both had their necks broken, dying almost instantly. When they boarded the car it was already so heavily load that they were unable to get a secure foothold, and a sudden jolt threw them to the ground.

Fair weather, warmer.

We agree with the Carlisle Mercury that it is the first duty of the Democratic party in Kentucky to elect the Democratic ticket and leave the settlement of factional differences and difficulties to more placid days. The money question is but a temporary issue upon which partisans are apt to feel more deeply than the real importance of the topic demands, in view of the impossibility of free silver action. It is the Democratic duty to set aside for awhile this vexed and vexing question and unite in an effort to maintain Democratic organization and Democratic control in Kentucky. We would support and vote for the rankest free silver Democrat anytime in preference to such a man as W. O. Bradley.

NEARLY everybody in Kentucky knows Judge Milton J. Durham, of Lexington, and all who know him have great respect for his sturdy character. He is a Democrat without guile, and represented the Danville district in the Forty-third, Forty-fourth and Forty-fifth Congresses. He was also First Controller of the Treasury under Mr. Cleveland's first administration. The Judge was booked for a number of speeches in this campaign, but he has cancelled all the dates, because, he says, Hardin repudiated the platform and he can neither defend him nor ask any Democrat to vote for him. He says that many Democrats will vote against Hardin and support the rest of the Democratic ticket, some of them voting for the Populist candidate. Judge Durham thinks Hardin's chances extremely doubtful.—Public Ledger.

But Mr. Durham hasn't done or said anything of the kind attributed to him. Read what he says over his own signature. Here it is:

To the Editor of the Courier-Journal: I rarely ever notice what correspondents say or write about me, but I will thank you to say I made no such statements while in Washington as those contained in the Cincinnati Commercial a few days since and copied into other papers in Kentucky. I had no such interview with any one while there. Repudiating Mr. Hardin's free coinage ideas, I shall vote the entire Democratic ticket. Yours, M. J. DURHAM.

The alleged interview, you see, was simply another one of those fake Republican papers are palming off now to deceive Democrats. But the Democrats are on to them and will do like Mr. Durham says he will do, vote the full ticket in November.

FORFEITING ALL CLAIMS TO RESPECT.

The Louisville Post's "interview" with Mr. R. Z. Kidd, of this city, like all the rest of its renegade effusions, was a rank fake. Mr. Kidd was in Cincinnati at the time and never saw the Post's representative.—Winchester Sun.

The editor of the Louisville Post has a perfect right to refuse to support General Hardin in the present fight if he chooses to do so, but when he gives his columns up to the publication of fake interviews denouncing the Democratic ticket, he not only forfeits all his claims to be respected as a Democrat, but places the Post among that list of papers that cannot be classed as decent journals.

We understand the Post has a rank Republican going about over the State writing up these alleged interviews, and that the Republican committees are scattering this stuff about among the voters, parading the fact of course that the Post is a Democratic paper, or claims to be.

It begins to look very much like the Post crowd have gone into this anti-Hardin business for the "filthy lucre" they can get out of it, and they don't seem to care very much whether it is silver, gold or greenbacks; nor do they seem to be very particular about how they get it. We have esteemed the Post very highly all along, and regret very much to see it adopt such a course as it is now pursuing.

No true Democratic paper would resort to such tactics as those now followed by the Post.

WELL, NOW!

What's the Matter With Colonel Worthington? He Was Here, But Didn't Speak.

Colonel W. J. Worthington, the Republican nominee for Lieutenant Governor, had an appointment to speak in this city yesterday at 1 o'clock, but he didn't speak.

Colonel Worthington arrived yesterday morning but just why he failed to speak has not been learned.

The local Republican leaders didn't seem to care very much whether he spoke or not. The Louisville Commercial, the party organ in Kentucky, has had the Colonel's list of appointments standing in its columns a week or so, and the list was also announced in the Cincinnati Post which has a good circulation here. And yet the editor of the Public Ledger and Chairman of the Senatorial District Committee and others prominent in local g. o. p. circles didn't know Colonel Worthington had an appointment to speak here until informed of the fact last Tuesday by the editor of the BULLETIN. They were told that the appointment was announced in the first two papers named. Ample time was thus given to advertise the speaking, but the only notice of it, outside of the notice in the BULLETIN, was a three-line local in the Public Ledger Wednesday. The Ledger had not a word yesterday, and didn't seem to know the Colonel was in town.

The Colonel was here all the same, and must have felt very much put out at his chilly reception. A gentleman from Portsmouth, who was in town and who knows Mr. Worthington, commented on the failure of the local Republicans to extend their nominee for Lieutenant Governor any courtesies at all.

It was very shabby treatment it must be admitted, not only on the part of the Republican State Committee, but of the local leaders as well. They seem to think that Boss Bradley is the only one to be advertised, and the only one in the fight.

Colonel Worthington's friends will probably be heard from later on.

THE SECRET OUT.

Those Joint Debates Were Arousing the Old-Time Fire of the Democracy.

[Covington Bell.]

A prominent Republican who is on the inside of his party council admitted yesterday that Bradley didn't withdraw from the joint debate on account of any serious racket at Eminence. That was merely an excuse.

The real reason was that the shrewd party managers soon discovered that they had made a great mistake in entering into the joint debate; that these debates were arousing the old-time fire and spirit of the Democracy, and would get them so stirred up that they would rally en masse around the standard-bearer, and then all chance of Republican victory would vanish in the smoke of the battle.

The sanitary condition of the alms house is good, and the inmates in general are comfortable.

The Committee on Claims and Accounts reported accounts amounting to \$1,614.15 which were allowed and ordered paid, together with salaries for the quarter.

Marvelous Results.

From a letter written by Rev. J. Gunderman, of Dimondale, Mich., we are permitted to make this extract: "I have no hesitation in recommending Dr. King's New Discovery, as the results were almost marvelous in the case of my wife. While I was pastor of the Baptist Church at Rives Junction she was brought down with Pneumonia succeeding La Grippe. Terrible paroxysms of coughing would last hours with little interruption and it seemed as if she could not survive them. A friend recommended Dr. King's New Discovery; it was quick in its work and highly satisfactory in results." Trial bottles free at J. James Wood's drug store. Regular size 50c and \$1.

DON'T MISS IT.

That Game of Ball Next Monday With the Reds—The Last of the Season.

The game of ball next Monday afternoon at the local park promises to draw one of the largest crowds seen on the grounds this season. The Cincinnati have been downed twice this year by the Maysvilles and have one victory to their credit. They will try hard for next Monday's game so as to break even with our boys, but with such a strong team as the local management has secured the Reds will be given one of the hottest fights of the season.

Tannehill will do the twirling. His fine work in the box was largely instrumental in Richmond winning the pennant in the Virginia League this year. He was ably assisted, however, in that team by Knorr, Berte and McGowan. These three played with the Maysvilles in the closing game a year ago with the Clevelands, that resulted in a score of 3-2. It is hardly necessary to speak of the excellent work of Cox, Wadsworth, Sutherland and Heilman. They have demonstrated this year that they are all fast enough for league company.

Turn out next Monday and see this last and greatest game of the season.

Go to Mrs. L. V. Davis' for correct styles in trimmed millinery.

PERSONS having books or pamphlets belonging to the Rev. Mr. Chapin or to the Church of the Nativity, are kindly requested to return the same.

HON. J. C. S. BLACKBURN will address the people of Bracken County, at the court house in Brooksville, Monday, October 21, at 2 p. m. and at Augusta

BREATHITT'S ALL RIGHT,

Although the Louisville Posts Fake Interviewer Had it All Wrong.

JACKSON, Ky., Oct. 1.—In last Friday's issue of a Louisville paper (the Post), a communication appeared from this place which was written by a well-known Republican who came up from Louisville to write up the political affairs of this end of the State. The Democracy of this county feel that they have been done great injustice, inasmuch that the article would make believe that large numbers of Democrats of this section were dissatisfied with their nominee for Governor.

The correspondent says that Captain Charles Hendrie, "one of the stanchest Democrats of Eastern Kentucky," will not support Gen. Hardin. Now, Capt. Hendrie is a Scotchman by birth and has only been in Breathitt a few years, and no one would ever think of seeing his name in the list of stanch Democrats, as he has usually been an independent in politics, and voted for the men of his choice, regardless of party affiliations. In the last race for Circuit Judge in this district he not only voted but worked zealously for Judge Lilly, the Republican nominee, against Judge Redwine, the Democratic nominee. The same may be said of John E. Patrick.

As to Wiley H. Combs and Reuben McQuinn, the Courier-Journal correspondent has personal assurances from both that they intend to vote the straight State ticket from Governor down. Some of the others mentioned by the correspondent were never heard of here before, and must have been products of the imagination. Others do not live in Breathitt at all, while a large number would not know a "gold standard" or the "silver question" from "the moons of Jupiter," and it seems like a mere farce for the correspondent to mention them.

The Democrats of Breathitt County are solid for the State ticket and in the finest of fighting trim. Elisha Hensley, a man whose word and worth are recognized throughout this section, has kept a standing offer of \$50 for more than a month, which sum he will pay for the discovery of any stanch Democrat within the county of Breathitt who is going to vote against General Hardin. This offer has been openly and publicly made; the people know it, and it has never been called for.

THE DAMAGE TO THE TOBACCO.

It is Claimed About Thirty Per Cent. Was Injured by the Frost and Freeze.

[Cincinnati Tribune.]

As far as can be learned from reliable parties, the amount of tobacco still in the field, both in Kentucky and Ohio, is about 30 per cent. It is estimated that of this amount probably 15 per cent was totally destroyed by the frost. Some shippers put the damage done at ridiculously high figures. One shipper who had come from a section visited by frost said that shipments would fall short fully 30,000 hds. on account of the frost. There is no question but that his estimate on the loss from frost is too high. If such had been actually the case, there would have been a panic in the market yesterday, and prices would have taken a decided upward jump. These conflicting reports have a tendency to create a misleading impression with the buyers here, as well as the shippers. The opinion prevails among conservative tobacco men that the loss from frost will have its effect on the market toward an upward tendency in prices later on.

\$77,250.

The above amount will be distributed amongst the winners at Lexington's great trotting meeting, October 8th to 18th, and the best horses in America will compete for it. On the first day the great (\$25,000) Futurity will be trotted for, and amongst those likely to start are Larabie, Impetuous, Boreal, Oakland Baron, Axteloid, Shadow, Wilburn, Scourene, Pansy McGregor, Dawnlight, Katrina Belle and Bessie Wilton. On the second day comes the free-for-all pace; on the third day the great Transylvania, and, well, every day has a rich attraction, and the program advertised in this issue shows no weakness at any point. The railroad rate from points in and south of Kentucky will be one fare for round-trip and there will be a reduced rate, owing to the importance of the meeting, from points east of the Missouri river. A list of entries will be mailed free to those who write, Ed. A. Tipton, Secretary, Lexington, Ky.

CHEAP RATES.

All the railroads running into Lexington, in fact all the principal lines in Kentucky, have decided on a rate of one fare for round trip from October 7 to 18, inclusive, on account of the great trotting meeting of the Kentucky T. H. B. Association, Lexington, October 8th to 18th, good returning until October 21st. As the \$25,000 Futurity and the Tennessee Stakes are set for opening day; the great pacing race (Robert J., John R. Gentry, Joe Patchen, etc., for second day and the best Transylvania ever carded for third day, the railroads will carry big crowds. Certainly no trotting of equal importance was ever held. List of entries on application to Ed. A. Tipton, Secy., Lexington, Ky.

NOT SENSATIONAL AT ALL.

Elder Sweeney's sermon on bicycles and women in bloomers drew a packed audience to the Christian Church Sunday evening," says the Paris Kentuckian. "Some came with the expectation of hearing something bordering on the sensational, but this is a style Elder Sweeney does not indulge in. It was a timely topic, presented in a plain, common sense manner, and did not in the least detract from pulpit propriety. It was a lecture that caused many to look upon bloomers and wheels in a new and proper light, which doubtless will be remembered and heeded with much profit by many of the large audience."

ELECTRIC BITTERS.

Electric Bitters is a medicine suited for any season, but perhaps more generally needed in the Spring, when the languid exhausted feeling prevails, when the liver is torpid and sluggish and the need of a tonic and alterative is felt. A prompt use of this medicine has often averted long and perhaps fatal bilious fevers. No medicine will act more surely in counteracting and freeing the system from the malaria poison. Headache, Indigestion, Constipation, Dizziness, yield to Electric Bitters. Only fifty cents per bottle at J. James Wood's drug store.

FAYETTE CIRCUIT COURT.

Andrew Lydick and Others, on Petition to Others.

Public Sale.

By virtue of a judgment in the above styled cause, rendered in the Fayette Circuit Court the 16th day of September, 1895, I will on

the 17th day of October, 1895, at 10 o'clock a.m.

One-third on the 1st day of March, 1896, one-third on the 1st day of March, 1897, and one-third on the 1st day of March, 1898, with interest at rate of one per cent per annum, from the 1st day of March, 1896, until paid. Purchaser will be required to execute bond with approved security, complying with terms of sale. Lien will be retained for the deferred payments. Possession of said place will be given on the 1st of March, 1896.

Said farm is situated 11 miles from Lexington, 8 miles from Paris, 8 miles from Georgetown, and 1 1/2 miles from Centerville depot on the Midland railroad, and one-fourth of a mile from a drug and grocery store and a blacksmith shop. Upon this farm is a good residence of seven rooms, stock barn, ice house, meat house, buggy house, corn cribs and cabins. This is one of the best fenced farms in Fayette county; more than 100 acres in grass. On it there are five walled pools of never failing stock water, a good cistern and deep well; an orchard of select fruit. The land is naturally good, and is now in fine condition for cultivation.

The Old Union and Haun's Mill pike runs through the farm, leaving upon the south side about 47 acres, and upon the north side 52 acres and a fraction. These two portions of the farm will be offered first separately, and then as a whole, and the highest bid will be accepted. The sale will take place at 11 o'clock a.m.
